UPDATE

On 24 May 2022, the Emergency Management Declaration ceased in South Australia. COVID safe measures remain for some activities and places now defined by the **Public Health Act**.

Prior to this, from 5:27 pm on 23 May 2022, the **Emergency Management (Consolidated Measures) (COVID-19) Direction 2022** was in place, revoking the following:

- Emergency Management (Activities General No 3) (COVID-19) Direction 2021
- Emergency Management (Activities—Associated Direction No 23) (COVID-19) Direction 2022
- Emergency Management (Arrivals No 2) (COVID-19) Direction 2021
- Emergency Management (Arrivals—Associated Direction No 20) (COVID-19) Direction 2022
- Emergency Management (Exposure Sites, Contacts and Diagnosis Requirements No 7) (COVID-19) Direction 2022

Requirements have changed

COVID Safe Plans

The Direction removes the requirement to have a COVID Safe Plan excluding the following places.

The following places must have a COVID Safe Plan available for inspection:

- A disability care facility
- A public or private hospital
- Healthcare services (other than residential aged care facilities, residential correctional facilities, training centres, or other places of residence; custody (other than short term holding facilities))
- Pharmacies
- Pathology collection centres

Please determine if you are required to continue using your COVID Safe Plan based on the above. If you are no longer required to hold a COVID Safe Plan, please dispose of it.

Contact Tracing

The requirement **remains** for contact tracing using an approved system (QR codes) at prescribed places. Prescribed places are defined as:

- a disability care facility
- a public or private hospital
- a residential aged care facility

Please observe the requirements that remain in place should they be relevant to you or your business activity.
